

CHERKAOUI HAMZA

FRONTEND DEV

WORK EXPERIENCE

Pooler at 1337

2023 - 2024

During my one-month internship at School 1337, student assistance, and curriculum development. I observed and actively participated in classroom activities, gaining insight into effective teaching methodologies. Additionally, I demonstrated strong communication skills while collaborating with faculty and interacting with students and parents. This experience enhanced my organizational abilities and adaptability, preparing me for future roles in education.

Freelancer

2021 - 2022

I am a skilled frontend developer with experience working as a freelancer. Over 2021, I have successfully delivered two of projects, leveraging my expertise in HTML, CSS, JavaScript, React, Next 13 TypeScript. My freelance experience has honed my ability to adapt to diverse project requirements, communicate effectively with clients, and deliver high-quality solutions within deadlines.
